

## Bipartisan *Wish List*

As we approach the State of the Union address, BPC Action offers a bipartisan wish list for the president to consider in his remarks. Pursuing each of these has the potential to strengthen the state of the union and move the needle on critical issues that are ripe for bipartisanship.

Permanent status for **DREAMers** in exchange for additional **BORDER SECURITY**.

Smarter **INFRASTRUCTURE** investments.

Maintain America's edge in **CLEAN ENERGY MARKETS**.

Stabilize the individual insurance market, then work on **BIPARTISAN HEALTH CARE REFORM**.

Make **STUDENT LOAN REPAYMENT** the focus of federal accountability to support struggling borrowers.

Improve support for **YOUNG CHILDREN** and their families.

Foster regular dialogue between the White House and congressional leaders with **MONTHLY BIPARTISAN MEETINGS**.

Limit budget showdowns by transitioning to **TWO-YEAR BUDGETS**.
